

Sebastopol Free University of the Long Now...

Widen your horizon: Discover the scientist within!

6:30 PM

Thur – June 24
Coffee Catz

Story: Art & Science of Biography
Marianna deCroes, Principles, Technique & Practice

Thur – July 1
Coffee Catz

Physics & Biology of the Gulf Oil Spill
Michael Stocker, Ocean Conservation Research

Thur – July 8

No SBC

Thur – July 15
Coffee Catz

Tarahumara People: Chihuahua, Mexico
Gene Boudreau, *World Explorer*

Thur – July 22
French Garden

TESLA CAR 'Live': The Future of Electric
Alan Soule & Chris Jones

Thur – July 29

No SBC

Thur – Aug 5
Coffee Catz

Stories of Science: On the Shoulders of Giants!
Albert Wilson, PhD & Robert Porter, PhD

Thur – Aug 12
Coffee Catz

Symmetry in Physics: Explanatory Tool
Ransom Stephens, PhD

Thur – Aug 19
Coffee Catz

How Big is Infinity? And Mathematical Surprises
Roger House, *Student of Mathematics*

Thur – Aug 26
French Garden

Science of Chocolate: Deep History
Kirsten Tripplett, PhD

Thur – Sept 2
Coffee Catz

Associative Economics Cafe
Symmetry II: A Twin Theory of Value

Thur – Sept 9
Coffee Catz

'GREEN' Explored!
Lindsay Leveen, *Lindsay's Blog!*

Thur – Sept 16

No SBC

Thur – Sept 23
French Garden

Geological Evolution of the Sierra Nevada
Richard Ely, *Geology Dude*

2010 Summer Science Series

Sebastopol, will be held at Coffee Catz Restaurant or the French Garden Restaurant - 6:30PM.

The Tesla Electric car, Chocolate Science and the Sierra Nevada Range make up the three monthly events at the epicurean oasis of the French Garden Restaurant & Bistro. Join Chris Jones president of the Electric Auto Association as we all get to experience the futuristic electric car!

Coffee Catz Restaurant welcomes Marianna for the first Story Café soon to be followed by a special - Stories of Science - with a pair of Aces in Science & Mathematics, with a lifetime of experience, as they played their own part in the story of science. Mathematics in plain English for the rest of us! Join our favorite, Roger House, as he explores infinity and beyond along with other mathematical anomalies like you won't believe!

*The 4th season now including:
Science Buzz Café, Associative
Economics Café and Story Café!
Presentation Ideas or People?*
